

Relentless

All Good Things

You will never be a winner they said
Just a name, another same old story
You will always be a dreamer they said
Not the one for any fame or glory
Not a lover
Not a fighter
Not a soldier
That's what they told me when they held me underwater
But if I quit then I'd be better off dead
So I don't listen to whatever they said

Whatever they said
Whatever they said

I will stand my ground
Dead set
Hell bent
Relentless

They can't take me down
Not dead
Not yet
Relentless

Overcame the fear
We brought the pain
We fought to be right here
Won't let it go to waste
Can't stop me
Dead set
Hell bent
Relentless

I don't know how many times I fell down
Now I'm counting all the scars to remind me
And every time they said I couldn't stand up
It pushed me harder to put that behind me
I got the best of them
I never quit
I overcame the fear
I flipped the switch
Cause if I quit then I'd be better off dead
So I don't listen to whatever they said

Whatever they said
Fuck whatever they said

I will stand my ground
Dead set
Hell bent
Relentless

They can't take me down
Not dead
Not yet
Relentless
Overcame the fear

We brought the pain
We fought to be right here
Won't let it go to waste
Can't stop me
Dead set
Hell bent
Relentless

Not dead
Not yet
Relentless

Dead set
Hell bent
Relentless

Can't break
Can't bend
Relentless

Not dead
Not yet

I will stand my ground
They can't take me down
Overcame the fear
We brought the pain
We fought to be right here
Won't let it go to waste
Can't stop me
Dead set
Hell bent
Relentless

I will stand my ground
(Dead set, hell bent, relentless)
They can't take me down
(Not dead, not yet, relentless)
Overcame the fear
We brought the pain
We fought to be right here
Won't let it go to waste
Can't stop me
Not dead
Not yet
Relentless

Dead set
Hell bent
Relentless

Can't break
Can't bend
Relentless

Not dead
Not yet
