

## Undefeated

## All Good Things

Push yourself  
Do it again  
You might break down  
Do it again  
You gotta make this count  
Do it again  
Yeah you might bleed out  
But do it again

Push yourself  
Do it again  
You might break down  
Do it again  
You gotta make this count  
Do it again  
You might bleed out  
But do it again

Do you wanna be remembered?  
Live forever?  
Well the whole world's watching  
Do you think you're a contender?  
Will you surrender?  
Will there be no stopping?  
How you gonna make 'em know your face  
When there's so many who can take your place?  
So will you be the lone survivor  
Through the fire?  
Stepping through the fallen

Push yourself  
Do it again  
No you can't slow down  
Do it again  
You gotta make this count  
Do it again  
Yeah you might bleed out  
But do it again

We conquered the world  
We're unstoppable  
We live and breathe it  
We're on top  
And we've reached the impossible  
They can't believe it  
Oh, no we never give up  
And it's not over 'til we say it's enough  
Mission completed  
We got what we needed  
This time we're leaving  
Undefeated  
Undefeated

The end's near, I can feel it  
We can steal this  
I can see our future  
We gotta feed off the danger

Focus like a laser  
Through the breaks and bruises  
We can never make the same mistakes  
In the end we have ourselves to blame  
It's time to be the instigators  
Give 'em what they came for  
Let them leave as losers

Push yourself  
Do it again  
Leave your fear behind  
Do it again  
Fail a million times  
Do it again  
And do it one more time  
Do it again  
Do it again

We conquered the world  
We're unstoppable  
We live and breathe it  
We're on top  
And we've reached the impossible  
They can't believe it  
Oh, no we never give up  
And it's not over 'til we say it's enough

Yeah you might bleed out  
Do it again

Light will shine upon your face  
We will take our place  
With those who came before us  
Stay brave standing side by side  
We'll make it out alive  
History will call us
