

## Arise

### All Out War

Well, we've all heard the sermon  
Seen the preachers or worshipped the stage  
Heard the new manifesto? It's all questions, no solutions at al  
l

Well, you're out on your own now  
Always have been, just look at your "friends"  
Break the surface to daylight  
Strength will flow through our unity

There is a traitor in our midst  
And when we rise we will be betrayed  
They are the wolves in sheeps clothing  
Taking place at the back of the flock  
All this talk about freedom, will be tainted with blood (it's y  
our life)  
Put this cross on your back, child  
Tread the long weary trail to the top of the hill

Arise!  
Get off your knees  
Arise!  
Get off your knees, get off, your knees

There's some hard times coming down  
There is the smell of revolution on the wind  
Well, we're grinding our axes  
Telling tales around the bonfire at night  
We will set out with a fire in our hearts  
When this darkness gives way to the dawn  
In the light we united as one  
For the kingdom of heaven must be taken by storm

Arise!  
Get off your knees  
Arise!  
Get off your knees, get off, your knees

Arise! [4x]
