

Divine Isolation

All Out War

Wear your scars, bear the mark of Cain
Embrace the serpent
Praise the Lord of the slaves
Twisted mortal treason
Rip the vein as you bleed
Drink the curse of demons
Masters of the deceived
Rot with the angels
Crawl among the filth

Divine isolation, condemned to drown in guilt
Glorify the cancer, worship among the snakes
Burn with hypocrites
Sinner, praise thy name consumed
False gods forever shine
Bow down angels, torment divine

Obey
Contempt has made you blind
Slaves
Conform and march in time
Now as your saints have failed you
Angels dead and gone
Icons lost to envy
Sermons fade to dust
Fade to dust
