

# I Would

## All Saints

They say true love can't be broken  
Nothing's too strong for this girl  
Sometimes I feel like a woman  
Ready to take on the world  
If only we both could see it  
Vision that comes with a plan  
We could be great if we're willing  
One day we'll both understand

If I could give you some faith  
If I could give you my love  
If I could give you the world  
I would  
If I could give you some faith  
If I could give you my love  
If I could give you the world  
I would

I'd trade a wish for your freedom  
Release all your treats from my hand  
Whatever it takes I can be it  
Won't draw a line in the sand  
Open your eyes and you'll see it  
The vision that comes with a plan  
We will be great when we're willing  
That's when we'll both understand

If I could give you some faith  
If I could give you my love  
If I could give you the world  
I would  
If I could give you some faith  
If I could give you my love  
If I could give you the world  
I would

Face to face  
Give you space  
Rectifying  
Keep the faith  
Baby there's no denying  
Speak the truth  
Scared to lose  
We'll justify this  
How am I gonna prove it?  
If I can't show what I should feel  
Like you need me  
We can be real  
I don't need fake  
We should be love  
Is it too hard?  
Is it not enough?  
I can testify  
We multiply and keep the peace  
Or just divide  
How am I gonna prove it?

If I could give you some faith  
If I could give you my love  
If I could give you the world  
I would  
If I could give you some faith  
If I could give you my love  
If I could give you the world  
I would
