No Issues

All Saints

You say we're really gone
And let's way for the night to come
Just stay until the dawn
Cos I don't wanna be alone

Nowhere to go yet so we can survive it
No need to pretend cos we both need somebody
Nowhere to go yet so we can survive it
No need to pretend cos we both need somebody

Yeah so we can be honest
We don't play by the rules
There's no need to be lonely
Baby we got no issues
Me and you we ain't going nowhere
Me and you we ain't going nowhere
We got no issues
Me and you we ain't going nowhere
Me and you we ain't going nowhere
We got no issues

Let's drink until the sun
Act like we're the only ones
Don't leave until the morning
Cos I don't wanna be alone

Nowhere to go yet so we can survive it
No need to pretend cos we both need somebody
Nowhere to go yet so we can survive it
No need to pretend cos we both need somebody

Yeah so we can be honest
We don't play by the rules
There's no need to be lonely
Baby we got no issues
Me and you we ain't going nowhere
Me and you we ain't going nowhere
We got no issues
Me and you we ain't going nowhere
Me and you we ain't going nowhere
We got no issues
We got no issues

Yeah so we can be honest
Nowhere to go yet
We don't play by the rules
We can survive it
There's no need to be lonely
No need to pretend
Baby we got no issues

Me and you we ain't going nowhere
Me and you we ain't going nowhere
We got no issues
