

## Crashing Cars

All Star United

We're just crashing cars  
That's all we are  
And one of the days  
I'll probably break your heart  
So maybe we should throw away the keys  
The damage I've done to you  
and you do to me

Cause we never love enough  
And we hurt the ones we love  
Could we ever be strong enough  
To give forgiveness for the pain  
Love a better way  
Hey hey hey
