

Jesus on the Radio

All Star United

They make you cry
Make you sigh
Trick you into love
I'm in my car
Chasing stars
Falling from above
There's a perfect melody
For every memory
Tell me what's your frequency
I'm turning
I'm burning
Soul-searching
For Jesus on the radio
I'm reaching
Believing
I'll be receiving
Jesus on the Radio
I'm listening
It's deafening
This silence in the dark
I need your sound
To come and drown
The static in my heart
When everything is wrong
I hear your song
It's like you're here with me
I'm turning
I'm burning
Soul-searching
For Jesus on the radio
I'm reaching
Believing
I'll be receiving
Jesus on the Radio
I'm here waiting
God I'm waiting
