

Let's Rock Tonight

All Star United

We're supersonic, super sub-atomic
Rock and roll kung-fu kings
We got no bizness chillin' like it's
Christmas when the people need us
up in the ring

Singin' "All we need is a hero"
Ready to fly, like Jedi, come on baby
C-c-come on

Let's rock tonight
Let's rock tonight
It's our shot, give it all we got
Let's rock tonight

Ah-Ah, we got something, Ah-Ah
We got soul
Ah-Ah, altogether now
Ah-Ah

Yhet squeeze papaya in their stolichnaya
Like it's nothin' but a day in the sun
But we're on a mission
And love's our ammunition
Cause the whole world's under the gun

Singin' "All we need is a hero"
Bringing the heat, takin' the street
Come on baby,
C-c-come on

Let's rock tonight
(Turn it up, Turn it up)
Let's rock tonight
(Pump it up, Pump it up)
It's our shot, give it all we got
Let's rock tonight
Let's rock tonight
(Come on, Come on)
Let's rock tonight
(Come on, Come on)
It's our shot, give it all we got
Let's rock tonight

Ah-Ah, we got something, Ah-Ah
We got soul
Ah-Ah, altogether now
Ah-Ah
