

## Making It Beautiful

All Star United

All of my love  
I'm so sad to say is all I can give to you  
And could that be enough  
Of my love to repay all of the things you do

Chorus:

Take my breath away  
Making it beautiful  
All I can say  
Is thank you for making it all  
For making it beautiful

Would you open my heart  
Be all I need to change into something new  
Tear me apart  
Oh this is my plea  
Make me be more like you
