

## Theme From Summer

All Star United

I wrote this song today  
Pool side at Flamingo Bay  
Underneath the coconut trees

This sun-baked symphony  
A little ditty with a melody  
Drifted to me on a summer breeze

If strange, change in the weather makes your mood sway  
Remember every word I say

Chorus:

Love, baby, love  
This is my theme from summer  
Winter, spring and fall  
Love, baby, love  
In July, August or December  
Anytime at all

It's never simple dear  
To be in summer cheer  
Underneath your Gortex and furs

If your colors fade in the wash  
Of the sleet and snow in Osh Kosh  
Just keep it cool in all temperatures

If strange, change in the weather  
Makes your mood swing  
Repeat this chorus that I sing

Touche, you've hit me with a powerful tune  
You shake the pettiness of my croon  
When skies are grey  
Try this cliché
