

## Forever Cold

### All That Remains

Looking in insanity  
But inside the pieces all fit  
I know this whore will conjure lies if she can benefit  
So tell me one more time  
Where you were when he fell  
I know you're not the victim, I'll see you burn in hell

I'll dive straight into mud but onto you I hold  
Don't need to be the bigger man forever cold

I own my anger  
'Cause all that was left was to walk away  
I own my anger  
I won't let it go forever cold

You can't be cut out  
'Cause you were never in  
How dare you think that you would ever get away with it  
I'll tell you what I know  
And it's not what I can prove  
Damn you, damn him, damn me for tolerating you

I'll burn every lie you have I'll let it all unfold  
My heart until the bitter end forever cold

I own my anger  
'Cause all that was left was to walk away  
I own my anger  
I won't let it go forever cold

I own my anger  
Forever cold

Forever cold

Looking in insanity  
But inside the pieces all fit  
I know this whore will conjure lies if she can benefit  
So tell me one more time  
Where were you when he fell?  
I know you're not the victim, I'll see you burn in hell

I own my anger  
'Cause all that was left was to walk away  
I own my anger  
I won't let it go forever cold  
(Forever cold, forever cold)  
I own my anger  
Forever cold

Forever cold
