

# Don't You Go

All Time Low

Settle back now and raise a toast  
To the young ones, growing old  
All the green lights, long nights  
Drinking 'til I made out with you

Just sit back, enjoy the show  
It's the weekend, no place to go  
You're the cherry, I'm a cigarette  
Chasing after midnight with you

Don't shut me down now  
Just hear me out now

Don't you go and carry on with your life  
It was a one night stand 'til I woke up next to you  
Don't you go, saying all your goodbyes  
I want a one night stand just one more time with you  
So give me one more night with you  
Give me one more night with you

So take a breath now, you don't have to go  
It was a fast night, we can take it slow  
There were fist fights, red lights  
Running 'til I crashed into you

I got my ass kicked, but you held the ice  
I was a train wreck, but you took the ride  
Can we stay here, right here?  
Nothing else that I wanna do

Don't shut me down now  
Just hear me out now

Don't you go and carry on with your life  
It was a one night stand 'til I woke up next to you  
Don't you go, saying all your goodbyes  
I want a one night stand just one more time with you  
So give me one more night with you

You say I've pushed my luck  
But I can't get enough  
If it was just a one time thing  
Why are you still here with me?  
Don't want a single thing to change  
We can mess around for two more days  
If it was just a one time thing  
Why are you still here with me?  
I don't want you to leave

Don't you go and carry on with your life  
It was a one night stand 'til I woke up next to you  
Don't you go, saying all your goodbyes  
I want a one night stand just one more time with you  
So give me one more night with you

You say I've pushed my luck  
But I can't get enough

If it was just a one time thing  
Why are you still here with me?  
Don't want a single thing to change  
We can mess around for two more days  
I want a one night stand just one more time with you  
So give me one more night with you
