

Toxic Valentine

All Time Low

She's got a target painted on her back,
And keeps a list of the qualities a good girl lacks.
She bites her lip and tips her bottle,
I take a drink 'cause the truth is hard to swallow.
Oh, oh, oh

Sex and white lies,
Handcuffs and alibis,
She lays her halo on the pillow where she sleeps...
Her heart beats, red wine,
My toxic valentine.
Lays her halo on the pillow that used to be mine.
Oh, oh.

I live a lifestyle full of first impressions.
I've got my hands full of unhealthy obsessions.
She bites my lip, I'm sure to follow.
We take a drink to the guilty and the hollow.
Oh, oh, oh, oh, oh, oh, oh.

Sex and white lies,
Handcuffs and alibis,
She lays her halo on the pillow where she sleeps.
Her heart beats, red wine,
My toxic valentine.
Lays her halo on the pillow that used to be mine.

Oh, oh.
My toxic valentine,
Oh, oh.
My toxic valentine.

I'm not the type to forget or to bury my head.
Just take off your wings,
They could never get you quite as high as I did,
And you know it.

Sex and white lies,
Handcuffs and alibis,
She lays her halo on the pillow where she sleeps...
Her heart beats, red wine,
My toxic valentine.
Lays her halo on the pillow that used to be...

Sex and white lies,
Handcuffs and alibis,
She lays her halo on the pillow where she sleeps...
Her heart beats, red wine,
My toxic valentine.
Lays her halo on the pillow that used to be...

She lays her halo on the pillow that used to be mine.
