

# Trouble Is

All Time Low

Feel you under my skin  
Middle of the night  
Wonder if you feel it too  
Echoing in my head  
Color me with doubt  
So much that we didn't see through  
Knew we had a good thing  
Didn't know just how much I would miss you  
Sick of doing nothing  
Even now you're gone  
I know that I need you

Trouble is, trouble is  
Trouble is I don't want to let go  
Trouble is, trouble is, trouble is

All that I know is I  
Just can't say no to you  
Funny how things never change  
Trouble is...  
All that I wanted was  
Just to get over you  
Trouble is I can't find a way  
You're part of me

Trouble is, trouble is,  
Trouble is you're part of me

I can see a new light  
Burning up the sky  
Filling up the whole damn room  
Want to look away but  
Even when I try there's a little that gets through  
Hide away the feeling  
Never was enough  
Doesn't matter what I do  
Sick of doing nothing  
Even when you're gone  
I know that I need you

Trouble is, trouble is  
Trouble is I don't want to let go  
Trouble is, trouble is, trouble is

All that I know is I  
Just can't say no to you  
Funny how things never change  
Trouble is...  
All that I wanted was  
Just to get over you  
Trouble is I can't find a way  
You're part of me

Trouble is...  
A part of me  
Trouble is...  
A scar to me

Trouble is...  
A drop of bleach  
Trouble is...  
On my favorite tee

Trouble is...  
A part of me  
Trouble is...  
A scar to me  
Trouble is, trouble is  
Trouble is you're part of me

All that I know is I  
Just can't say no to you  
Funny how things never change  
Trouble is...  
All that I wanted was  
Just to get over you  
Trouble is I can't find a way  
You're part of me

Trouble is, trouble is  
Trouble is I don't want to let go  
Trouble is, trouble is,  
Trouble is I don't want to let go

Trouble is you're part of me
