Vampire Shift

All Time Low

I'm on that vampire shift
Late night running, red lights in the taxi cab
I'm on that four a.m. kick
Closing down the bars on a late night drag

Is it wrong to be out here wasting away
On a vampire shift like I'm hiding from daylight

Oh, Mr. Sandman, please don't come around
I don't wanna sleep 'til I'm six feet underground
Singing no, Mr. Sandman, please don't come around
I don't wanna sleep 'til I'm six feet under, six feet undergrou
nd

I'm on that vampire shift
I think I lost my way so I best stay out
Rewind and go again quick
'Cause I don't wanna miss out on this buzz I found

Tell me is it wrong to be out here wasting away
On a vampire shift like I'm hiding from daylight

Oh, Mr. Sandman, please don't come around
I don't wanna sleep 'til I'm six feet underground
Singing no, Mr. Sandman, please don't come around
I don't wanna sleep 'til I'm six feet under, six feet undergrou
nd

I'm on that vampire shift
Rewind and go again quick

Is it wrong to be out here wasting away
On this vampire shift like I'm hiding from day
Is it wrong to be out here wasting away
On this vampire shift like I'm hiding from daylight

Oh, Mr. Sandman, please don't come around
I don't wanna sleep 'til I'm six feet underground
Singing no, Mr. Sandman, please don't come around
I don't wanna sleep 'til I'm six feet under, six feet undergrou
nd

I don't wanna sleep 'til I'm six feet underground
I'm on that vampire shift
I don't wanna sleep 'til I'm six feet underground
