

# Utmost Good

## All We Are

Have you ever been hurt by someone  
Not just me I could never ever hurt you more  
Have you ever been worn by someone  
Not just me I could never ever wear you more

I've been doing you favours  
Giving you my utmost good but it's just not good enough  
I keep trying to please you  
Giving you my utmost good but it's just not good enough

Have you ever been torn by someone  
Not just me I could never ever cut you more  
Have you ever been lost to someone  
Not just me I could never ever go this far

I've been doing you favours  
Giving you my utmost good but it's just not good enough  
I keep trying to please you  
Giving you my utmost good but it's just not good enough

Can't you see we're only dancing, only dancing

I've been doing you favours  
Giving you my utmost good but it's just not good enough  
I keep trying to please you  
Giving you my utmost good but it's just not good enough
