

## Buffalo Nickel

Allah-Las

And we had so much time to live  
But don't it go by fast  
And I had so much more to give  
But that was in the past  
And now that I know things are through  
If I could just forget  
All this love I have

Only for you, girl  
Only for you, girl

And we had so much time to live  
But don't it go by fast  
And I had so much more to give  
But that was in the past  
And now that I know things are through  
If I could just forget  
All this love I have

Only for you, girl  
Only for you, girl
