

Out on the water where you're gonna find me  
All alone with my mind headed for a bounty  
I've been living so long all by myself  
I can't think of living with anybody else  
I'm an oyster's pearl locked up in it's a shell  
You better bring that diving bell

But I want you near  
I want to whisper to your ear  
I want to hold your hand  
I want to be your man

Out on the river where you're gonna find me  
All alone with my thoughts headed for a bounty  
I've been living so long in a habitat  
Where the land's mighty rocky but the river stays flat  
Can you show me something, we can part with that

But I want you near  
I want to whisper to your ear  
I want to hold your hand  
I want to be your man

I'm gonna get you girl  
Like I got you  
Wrap you up in paper, bite you  
You're the pretty little thing that I gotta have  
Cause I want it
