

Divisible man  
Automatic  
Big black bishop  
Alimony  
Emerald isle  
Ring round  
Ring ring

Oh, brother  
Forever  
Pray, good golly  
New yoga  
Gray heather  
Tar and feather  
Invisible man  
Well without figure  
Slid under the door  
More selfless than before

We've been here a thousand times before  
Ten thousand more  
We've been here a thousand times before  
Ten thousand more  
We've been here a thousand times before  
Ten thousand more

Damage image  
Cry for a dollar  
Burn many bridges  
With salt water  
Oh, brother  
I'd never  
Do that to ya  
New yoga  
Old yeller  
Leather weather

At first I was American  
Then I was a miracle  
When you want to say goodbye  
Eat the apple of my eye  
At first I was American  
Then I was television  
Interrupt and say goodbye  
Eat the apple of my eye

At first I was American  
Then I was a miracle  
When you want to say goodbye  
Eat the apple of my eye  
At first I was American  
Then I was television  
Interrupt and say goodbye  
Eat the apple of my eye
