

## Light Yearly

Allah-Las

You've got a hold on me  
You've got a hold on me  
And I dream of you light yearly

I need to ease my mind  
You make me feel alright  
How long should I wait on the side  
Caught a feeling borrowed  
Here today and gone tomorrow  
Windows hide glossy eyes  
Gold streaks across the sky

You've got a hold on me  
You've got a hold on me  
Bap-bada  
Bap-bada  
Bap-bada  
Bap-bada

Caught a feeling borrowed  
Here today and gone tomorrow

Windows hide glossy eyes  
Gold streaks across the sky
