

## Royal Blues

Allah-Las

At first you get the feelin that you really need some more  
But before you know it you'll be reelin on the floor  
Layin and a-waitin and a-prayin in the rain  
Stayin and a-sayin that I need your love again

Na o sore to  
Shirazu tomo shire  
Sarusawa no  
Ato o Kagami-ga-  
Iki ni shizumeba  
Nagaraete  
Kono yo no yami wa  
Yomo harete  
Shide no yamaji no

At first you get the feelin that you really need some more  
But before you know it you'll be reelin on the floor  
Layin and a-waitin and a-prayin in the rain  
Stayin and a-sayin that I need your love again

Shini ni kite  
Shinu toko nareba-  
Shinu ga yoshi  
Shinisokonōte  
Shinanu nao yoshi

If you know not  
Who I am, hear:  
Like the one who cast herself  
Into the Lake of Monkeys  
I drown myself in Mirror Lake  
And had my days been longer  
Still the darkness  
Would not leave this world-  
Along deaths path, among the hills  
If your time to die has come  
And you die - very well!  
If your time to die has come  
And you don't-  
All the better!
