

Star

Allah-Las

You can laugh
You can cry
You can search for a reason why

Shattered house
Shattered dreams
Looking down at the stars on street

Don't let it go
Don't let it go
Won't do you no good to know

There's nothing hangin' on your wall
And no one returning you're call

Don't let it go

Don't you want to be free
Live your own fantasy

Shattered houses
Shattered dreams
Looking down at the stars on the street

Don't let it go
Don't let it go
Won't do you no good to know

Don't let it go
Don't let it go
Won't do you no good to know
