

# Alright Without You

Allan Rayman

End of the day  
It's just all in the way I see you  
Got me all turned around  
I think I'll lose  
And I think it's cool the way  
You say that you do what you do  
It makes me think I'll be alright without you

'Cause it's too fast for me  
It's too fast to move  
It won't do  
Na-na-na-na-na-na

You left the room way too soon  
Baby, all these things have been without you  
You always think it's about you  
You should see how deep the root gets without you

'Cause it's too fast for me  
It's just too fast to move
