Well I drink spirits to the ghost in the room
I swear, one more hit, I'll be the ghost in the room
Well, there's voodoo, she's darting and I'm dodging
Yeah, we was to fall
Well, I drink spirits to the ghost in the room
I swear, one more hit, I'll be the ghost in the room, room
Well, there's witchcraft, she's flying, she's falling
Yeah, 29 missed calls
I swear she looks best dressed all black
A red lipstick on that cigarette
But I ain't feeling her no more, no
Cause I ain't feeling down no more, no

But I ain't got all this vino poured for nothing
And I ain't got all these candles lit for nothing
Girl, one night, one night, and I'm gone

Red rose petals on my dashboard
My tires burn, I'm out that back door quick
And no kiss on the cheek 'cause I'm not with her, no
No text, no calls 'cause I won't answer, no
Well, this my apology
Never meant to mean so much, baby
This cuts deep
Left you there still in those sheets
It wasn't your fault, we just missed a beat
My heart's grown cold, it's a mystery
I'm trying to find out where I'm meant to be
I swear I love music, but it's killing me
Cause I often miss the ability to love something else
Oh, but its lies allow me
A bittersweet tragedy
Witchcraft, voodoo, I'm a tragedy
Heartthrob, heartbreak, oh, I'm a tragedy
I only love one thing, ah, goddamn, it's a melody
And I know

But I ain't got all this vino poured for nothing
And I ain't got all these candles lit for nothing
Girl, one night, one night, and I'm gone
But I ain't got all this vino poured for nothing
And I ain't got all these candles lit for nothing
Girl, oh
But I ain't got all this vino poured for nothing

But I ain't got all this vino poured for nothing
And I ain't got all these candles lit for nothing
Girl
But I ain't got all this vino poured for nothing
And I ain't got all these candles lit for nothing
Girl, girl
I ain't got all these candles lit for nothing
Girl, girl, girl
