Mmm

I saw a picture of you  
Such beautiful hair and a beautiful smile  
Oh, then I saw another picture  
A lovely little figure with that devilish smile

So I reach out and say hello  
She doesn't like that so I leave her alone (Yeah, yeah, yeah)

No matter what I say or do  
I cannot prove that this isn't the first time  
There's a reason I don't ever wanna talk  
'Cause once I get started I don't ever wanna stop  
See, I'm Mr. Quick Fix, you need it bad  
I'm Mr. Right Now, you knew that

I saw a picture of you  
Such beautiful hair and a beautiful smile  
Oh, then I saw another picture  
A lovely little figure with that devilish smile

So I reach out and say hello  
She doesn't like that so I leave her alone (Yeah, yeah, yeah)

I come on strong, way too strong  
That's why it takes so long to get back, I hate that  
So come along, don't be shy, it's a short drive  
You take so long to get back, I hate that  
No matter what I say or do  
I cannot prove that this isn't the first time
