

Conversations

Allan Rayman

Go hard or go home, girl
Go hard or go home, girl
Go hard or go home, girl
All the same things

With all due respect, I, I didn't know you were coming
We got to talking over some drinks
I never thought this would happen
I guess I done it now, I really done it now
I guess I done it now
Instead of leaving, she stays
She really wanna talk about it
A couple things she could say
I never wanna talk about it, no
Talk about it, no
I guess it's better this way
I guess it's better this way

Same conversations we've been having
All the same things we've been saying
Conversations we've been having
All the same things

With all due respect, I, I didn't know you were coming
We got to talking over some drinks
I never thought this would happen
I guess I done it now, I really done it now
I guess I done it now
Instead of leaving, she stays
She really wanna talk about it
A couple things she could say
I never wanna talk about it, no
Talk about it, no
Something out of nothing, I know
Something near, let's let it go
Something near, let's let it go

Same conversations we've been having
All the same things we've been saying
Conversations we've been having
All the same things

Oh, go hard or go home, girl
No no, go hard or go home, girl
Go hard or go home, girl
Go hard or go home, go hard or go home
Go hard or go home, go hard or go home

Saying conversations we've been having
All the same things we've been saying
Conversations we've been having
All the same things
Same conversations we've been having
All the same things we've been saying
Conversations we've been having
All the same things
