Allan Rayman

Honey, I don't want your money  
I don't want your fame  
I won't waste your time  
Won't make you play my games  
I won't be selfish  
I'm not insecure  
I just wanna love you when you walk through the door

So put me on a leash  
Take me in your house  
Pet me when you're low  
I swear I'll never leave the couch

Love me 'til the end  
Like I'm your best friend  
You're #1  
I'm everything you want me to be  
Tell me what you need and I'll lead  
I'll run out and take to the streets  
The beauty to your beast  
A beautiful prince  
A low maintenance princess that you gave a chance

So put me on a leash  
So put me on a leash  
Just put me on a leash  
Just put me on a-

So put me on a leash  
Take me in your house (Take me in your house)  
Pet me when you're low (Pet me, pet me, pet me, pet me)

Love me 'til the end ('Til the end)

You're #1
