

Heat

Allan Rayman

Ooh, what can this feeling be?
Is heat creeping into me?
Now you won't let me forget
Got me covered in sweat

Confrontation

She batting her eyelids, I'm hesitating, goddamn it
And this perspiration is violent, I'm contemplating my [?]
Now what we got her is violent heat, burning up, goddamn it
I stumble my words, trip on my step, dripping with sweat
Heat up my world, girl, do it again, now goddamn it
Goddamn it, she a bad girl and I like it
That poison apple, gon' bite it
I don't need a phone number from a girl like you
Wanna do your own thing, that's cool, I'm 'bout it
But don't heat me up, don't start my engine then turn it off
Vroom vroom vroom, that burns me up
Yeah, who are you? Hocus pocus, boo hoo
Bad girl gon' get it, bad girl gon' get it
Bad girl gon' get it, bad girl gon' get it

Ooh, what can this feeling be?
Is heat creeping into me?
Now you won't let me forget
Got me covered in...
Never thought you'd be the one to get with me
Girl, I ain't complaining
Baby, I'm just saying
Friends all left the club, know you want some love
Never been so hot, girl, it's what you got
(Never thought that you'd be the one to get with me)
Ooh, what can this feeling be?
(Girl, I ain't complaining
Baby, I'm just saying)
Is heat creeping into me?
(Never thought that you'd be the one to get with me)
Now you won't let me forget
(Girl, I ain't complaining
Baby, I'm just saying)
Got me covered in sweat

Bad girl gon' get it when she come through
Throw arms and legs like kung fu
Sweat dripping like she caught that swine flu
Wet the bed like back in '92
Feeling like I got no worries
Feeling like I wanna start a brand new story
Feeling like I need a couple more drinks in me before I tell this girl that
I'm horny
Wait, rough night, will I try my luck?
Threw a couple of jabs but I got snuffed
She threw a couple of dabs but gave no love
But still I'm up in the club, sweating it up, drinking my cup
Looking for my dude 'cause I'm feeling like a b-ughh
Shot in the dark was my chances
Dark room in the bathroom dancing
The fume is too strong for my senses

Take her back home and...
Go ahead, complete that sentence
Bad girl gon' get it, bad girl gon' get it
Bad girl gon' get it, bad girl gon' get it

Ooh, what can this feeling be?
Is heat creeping into me?
Now you won't let me forget
Got me covered in...
(Never thought that you'd be the one to get with me)
Ooh, what can this feeling be?
(Girl, I ain't complaining
Baby, I'm just saying)
Is heat creeping into me?
(Never thought that you'd be the one to get with me)
Now you won't let me forget
(Girl, I ain't complaining
Baby, I'm just saying)
Got me covered in sweat
