

Left Alone

Allan Rayman

Sweet thing, lay down
Let me show you cold dirt, this ground
This life haunts you
I am the wolf, I walk alone
I am the wolf, I walk alone

Sweet thing, calm down, this life is for you
Made by one sound, one sound to hold you
I am the wolf, I walk alone
I am the wolf, I walk alone

Sweet thing, lay down
Let me show you cold dirt, this ground
This life haunts you
I am the wolf, I walk alone
I am the wolf, I walk alone

Sweet thing, calm down, this life is for you
Made by one sound, one sound to hold you down
I am the wolf, I walk alone
I am the wolf, I walk alone
