

# Lucy The Tease

Allan Rayman

Is everybody in? Is everybody in?  
Good  
The ceremony is about to begin  
I lose my senses with you

I got you, [?]

How I've got you, I'll never let you go  
Now I've got you, I won't let you go

End of the road, babe  
Can you see where I'm going?  
Get out the car, baby, please  
Cause I don't think you wanna come  
This is something else  
Something more than you and me  
Get out the car, baby, please  
Cause any further, you can never leave

And don't say I didn't warn you  
Or that you never saw it coming  
And don't say I didn't warn you  
We saw the target and the loaded gun

How I've got you, I'll never let you go  
Now I've got you, I won't let you go  
How I've got you, I'll never let you go  
Now I've got you, I won't let you go

Take a drive with me  
Head down south  
Warm weather, baby, lot of people  
A lot of room for you to spend some  
Spend some time with me  
Spend a lot of time with me, babe  
No one else can go  
Unwind with me

Now I've got you, I'll never let you go  
Now I've got you, I won't let you go  
Now I've got you, I'll never let you go  
Now I've got you, I won't let you go

And don't say I didn't warn you  
Or that you never saw it coming  
And don't say I didn't warn you  
We saw the target and the loaded gun  
I won't let you go
