All I chase seems awfully good
And good seems awfully good for me
But that's not good for me (that's not good for me)
That's not good for me (that's not good for me)
All I chase seems awfully good
And that seems awfully good for me
It's not good for me (not good for me)
It's not good for me (not good for me)

All I chase is awfully good
And good enough is good for me
But that's not good for me (that's not good for me)
That's not good for me (that's not good for me)
All I chase seems awfully good
And good seems awfully good for me
It's not good for me (not good for me)
It's not good for me (not good for me)

Something, anything to write on, I need to get this out
I've been twisted, chewed, and spit out, I've been casting doubts
I've had just about it all, and I've not had enough
I want new, give me new [?] meaning tough

All I chase seems awfully good
And good seems awfully good for me
But that's not good for me (that's not good for me)
That's not good for me (that's not good for me)
All I chase seems awfully good
And that seems awfully good for me
It's not good for me (not good for me)
It's not good for me (not good for me)

I'm so insane, I can take my brain
Split it apart in my hands and put it back together
Again and again, and again and again
And again and again, and again
'Cause I can go through these moves

Draw the curtain, close the door
My attitude has changed, it's nothing like before
I'm okay now, I won't leave you wanting more
I will satisfy you, I will rein you out, it's over now

All I chase is awfully good
And good enough is good for me
But that's not good for me (that's not good for me)
That's not good for me (that's not good for me)
All I chase seems awfully good
And that seems awfully good for me
It's not good for me (not good for me)
It's not good for me (not good for me)
