

Taking It Out On Me

Allan Rayman

This girl
The world's been tough on her
So she's grown angry
Times have gotten worse
She's taking it out on me
She's taking it out on me
She's taking it out on me

I'll be missin' you
I'll be missin' you
I'll, I'll be missin' you
I'll, I'll be missin' you

This girl
The world's been tough on her
And so she's grown angry
Times have gotten worse
She's taking it out on me
She's taking it out on me
She's taking it out on me

Alabama is just like me
Alabama is just like me
But I don't follow curiosity

She's just like me
Alabama is just like me (Alabama)
Alabama is just like me (Alabama)
