

### 3 Point Stance

ALLBLACK

Well, well, well, well, well  
Yeah, yeah  
What do we have here?  
We got a bag-getter or we got a hater?  
Thank you, Kenny  
Which one do you want to be?  
(Woah, Kenny)

Hit up the booty club last night, to support my partner  
Boy, this ho ass was fat, like Amber and Chyna's  
Put together, pretty toes and a fat vagina  
Copped the corn rows and baby hairs like Mya  
Won't let me stop before I get my lip hot  
She got a man, I'm still gon' shoot my shot, on mama's  
Bend it over girl, three-point stance (Clap it)  
I like all fours, with that bag in your hand  
Your dance partner lookin' lonely, put her on my mans  
She don't like fuckin' with molly, she like Perkys and Xans  
Kept on reachin' for my card so I could buy a dance  
Pulled out some ones, gave her a hug and put her on my mans

Ass clappin' for me, thank you, appreciate it  
Where the bitches that be really out here bag chasin'?  
I'm in here lookin' for some wops who gon' let me take it  
I'm not John Joe admirin', don't get it mistaken

Accident money, victim of crime, tax return  
They got a trap onto your body, bitch quit pump fakin'  
The first bitch hatin', the first bitch naked  
At first, you were anti and all 'saved by God'  
Now you sippin' a Fat Tuesday, gettin' ran in Vegas  
Are you 'different' different? Alright, hoochie  
Shout out those bitches gettin' money, fuck community pussy  
And to you niggas who be cuffin' these weak ass bitches
