ALLBLACK

DTB, that's a slap
Thank you for fucking with me

I'm fly as fuck, I need somebody to take this pic (Ooh)
Out here shinin' with no chain or watch on my wrist (Uh-uh)
I was late to my auntie funeral service (Yeah)
I was worried 'bout what Louis shoes matched this fit
Boy, I'm a muhfucka, you a ho cuffa
Hoes wearing wedding rings and I still fuck 'em
Textin' while I'm gettin' slow head from both of 'em
Makin' plays, plannin' trips, fuckin' both of 'em
I be through with it, you be cool with it (Cool with it)
I'm a player, when I'm done I let my crew hit it
You the type to sock the bitch, be on the news with it
When you left she called me over and I flew in it
If I was askin' for your work checks you would decline me
I ain't mean to stand you up, it was just bad timing
You was just braggin' to your friends how I'm that dude
Chase the bag or the bitch, guess what I'ma choose (I'ma get that bag)

(What I'ma choose, 'cause I'm)
I'm running to the bag
(Oh, I, oh, I gotta, uh)
I gotta catch a flight
(Or I, or I might be)
I'm somewhere in the booth (Yeah)
And we can fuck around (Yeah)

I grind 365, I don't do vacay
Fuck a Netflix and chill, I'm chasing this cake
Told my mechanic I'm all gas, you can take out brakes (Gas)
Cut my granny off for calling my phone being fake
I'm tryna make a few million off one of these tapes
Ain't finna be passin' my shit out at the lake
Every time I come around niggas get hella weird
Talkin' 'bout music or some gossip I don't wanna hear
The hate all over yo' face and I smell fear
Double XL interview, I broke down in tears
Started out forty deep, only ten here
Duckin' smoke but be there when it's all clear
They told me when I got some change e'rything could change
Bitches out here fuckin' anybody with a name
You was just braggin' to your friends how I'm that dude
Chase the bag or the bitch, guess what I'ma choose (I'ma get that bag)

(What I'ma choose, 'cause I'm)
I'm running to the bag
(Oh, I, oh, I gotta, uh)
I gotta catch a flight
(Or I, or I might be)
I'm somewhere in the booth (Yeah)
And we can fuck around (Yeah)
