Haha, you are now listening, Kim, KimSon

They say BLACK you goin' dumb, you out here spazzin' on shit

Attackin' these sins, packs sellin' out like Actavis bricks

Money short, I smash on a bitch, eat a thousand more dicks

Neiman Marcus, got just sold a P, I know I'm the shit

Vans on, the Rolls on my wrist, Fort Lauderdale trick

Back to AZ with Floyd Lloyd and a ratchet ass bitch

Green '96 max Delenciaga spiffy

Four hundred dubs, eight ten, that's a windy city

Armenian goer, checkin' dope, we just left the city

I took a loss, she got it back, thank you for fuckin' with me

You got me playin' rolls with you, bein' a nigga I ain't

Cuddled up, neglectin' bucks, ho, you crazy, I just can't

Square bitch, that pussy tight, you would've swore she was a saint

She bustin' dates on Van Ness for a good rate

Shout out that bitch I freed today who ain't have time to hit the bank

Bitch I'm a P, not Tyrese, you do not pay, you cannot stay

It's ALLBLACK

Niggas ain't rough like us, ain't cut like us

Niggas ain't tough like us, eat beef like us

Y'all don't chase huns like us, road run like us

In any hood like us, ain't bring no guns

Niggas ain't rough like us, ain't cut like us

Niggas ain't tough like us, eat beef like us

Y'all don't chase huns like us, road run like us

In any hood like us, ain't bring no guns

Shawty said that guap protect us, watch eleven shots, Klay

Really I signed forty-eight states, I'm in the way, you out the way

Tall parlor and we straight, told Shabazz I need a break

She snottin' xans every hour, I call plays like Bill Cowher

I kept missin' out on plays, I stopped fuckin' with them downers

Been up hella fuckin' hours, hit West End, take a shower

Even my nuts is designer, Dolce and Gabanna trousers

Ain't shit changed, on Lil Dame, when I was broke I still had power

I was in that Eddie Bauer, three hoes with ten dollars

I ain't complained, got on RedBook, hit for a thousand in the hour

Find out you broke after you die, we just seen your GoFundMe

Sit back and laugh, how fuckin' sad, call Ray Monie for that bubbly

Disrespectful 'bout my cheese, I'm like Bossman Tubby

Shout out that bitch workin' for them bands, I know she finna love me

Hags always finish last and get kicked in the ass

When you up you don't pick up, you only call me when it's bad

It's ALLBLACK
