

Cobra Kai

ALLBLACK

(DTB, that's a slap)

You was in a 'Vette, I was in a van, still blew past niggas
Niggas think they Rambo just 'cause they shot at a nigga
Airbrushed down, singin' Bone Thugz with his niggas
How the fuck you know who killed your mans and ain't out spinnin'?
I don't get it, I'm confused, all five of y'all got tools
Y'all look shook, real shook, out here perpin' like y'all goons
We like the back spoon, not the front spoon, you the bitch
Y'all the type of niggas get chalked up and popped on the strip

Drunk a fifth to the neck, ate shrooms, ate X
Hit the lab, spit gas, smoke gas, outstretched
Hit the Marriott, Latina in my room, I got necked
I'm in sick fuck mode, so I popped some more X
[?], hit the dash, went to my other room, got toppy
So sloppy, my whole asscrack was feelin' slimy
I throw top, she tried to ride me, I pulled out the rubber
She said, "What's that for?" I dashed out the door
You drink Arrowhead, bitch, I drink Core
And I drink Henn', bitch, it's leakin' out my pores
FaceTimed my opp, I told him, "Check the score"
Then went on an adventure like Dora the Explorer
Whole new lineup, all whores, they all on all-fours
I had to hit record, I think I met them all, guess I kept on my mics
Chewed up a gram-ball, broke them bitches bike

You was in a 'Vette, I was in a van, still blew past niggas
Niggas think they Rambo just 'cause they shot at a nigga
Airbrushed down, singin' Bone Thugz with his niggas
How the fuck you know who killed your mans and ain't out spinnin'?
I don't get it, I'm confused, all five of y'all got tools
Y'all look shook, real shook, out here perpin' like y'all goons
We like the back spoon, not the front spoon, you the bitch
Y'all the type of niggas get chalked up and popped on the strip (DTB, that's a slap)

Don't leave your bitch 'round me, I'm a kleptomaniac
The way I'm sendin', I'm gon' be where Anton LaVey at
Use your library voice when talkin' the pimpin'
I ain't take my mans today, no tellin' how I'm gon' react
I'm a silverback, bitch, you's a water ray
I be chasin' bags, you depressed and broke [?]
Whackin' your lil' soldiers over and over
Chokin' your lil' rooster, your freak ass need to be neutered
Online, in my comments, spammin' like a tuber
You a loser, when you have kids, they gon' be junior losers
Haha, bitch got embro, told her go to the trunk
When she got out, I peeled out, I had to do it to her
Don't make me turn into a band and start takin' trophies
Put this barrel on your neck, come out of that 'Rolly
Bet not come around me shinin', actin' like you with it
I play green as the Grinch, I'm cancellin' Christmas
I'll take a lick to Petco and buy a bag of rats
Call my Cobra Kai, [?]
Dancin' with the devil, did the Cupid shuffle
Opps just tried to call a play, threw a bomb in the huddle

Bitch thought she was gon' turn a rescue dog family
Soon as I rip, she gon' turn into Andy and shelve me
Miss Kim said if I don't strap up, she gon' Saran me
When I run into dude that made me, I'ma rob his granny

Haha
Don, thank you
DTB, thank you
I'm ALLBLACK and shinin'
Thank you for fuckin' with me
