What's happenin' now?  
No, no, no, they cannot come with us  
Drew Banga  
No, I have to turn my phone off when I get home, no for real  
Uh

Ayy, baby pull up to my VIP (Pull up, huh)  
I'm in your city, Alabama, I'm tryna get these hoes to strip  
Move to your crib but is your mama home?  
I just popped that blue pill, I'm finna break your fuckin' collarbone  
Save your number in my phone under "Testing"  
This dick you down 101, I'm finna teach you this some lessons  
Drew, choose one of these hoes, I can't take 'em both  
I'm finna do the leglock and flip that ho like a RAZR phone

Uber to my house, yes, I need some dome (Get over here)  
When you pull up, take off your coat, airplane mode your phone  
Don't think you hoppin' in my bed with your street clothes on  
I'ma come clean, baby, I lied, I don't want the dome (Yes, I did)  
I should've told your ass the truth but I don't talk on phones (I should've)  
Dice game ain't go too well, I can't find my bid (Broke again)  
Blew the cheese I was flexin' and I free'd the stripper (I swear to God)  
30 day run, I need my funds, you need to take some pictures  
Need a soft 5K before you touch my zipper (Blue jeans)  
Extended stay, only stop for condom runs and dinner  
Your bitch paid me then she fagged off (Then she fagged off)  
I guess she wanted me to be like you and act soft (Ol' soft ass nigga)  
3AM, she wanna fuck, I'm gettin' bags off  
Act like I came, spit on her back, cleaned up and stabbed off (Yes, I did)  
I keep dough on me, I am money  
And I keep a pole on me case a fuck nigga try to score on me

Ayy, baby pull up to my VIP (Pull up, huh)

If I pull up, buku swervin', tryna take somebody's daughter  
When I step in, I'm to the counter, I need shots of dog water  
Her footprints scream bloody murder because I'm Valentines Day walkin' (Let's get it in)  
Candy coated carbon but these ain't made by Willy Wonka  
Babe, I'm hurtin' for a squirt and I ain't talkin' 'bout no water  
I might be feelin' you right now but in my suede Balenciagas  
Say fuck me, fuck me back, and you gon' call me [?]  
Dirty Cuban links but these ain't come from [?]  
You know that Baby Bear lives through MacArthur Street  
I just wanna smoke blue haze, you would watch a man eat  
Gettin' parched off lemonade, but I ain't Jay, and you ain't Bey  
I'ma gon' and leave you 'lone 'cause I know how bitches be  
No longer drive past your house but I still pull up on the street

See all the things I did wrong, but tonight, you're my lil' freak  
I seen you tryna play that role, you know you missin' a street me  
You know most times when you alone, the one you think about is me, LulBear
