This ain't new to me, that street shit I been 'bout  
I done took so many losses, I can't keep count (I swear to God)  
Nigga (Nigga, swear to God)  
Nigga (Nigga, Black)  
This ain't new to me, that street shit I been 'bout  
I done took so many losses, I can't keep count  
Nigga (Nigga)  
Nigga (Nigga, quit fuckin' with me, hello?)

Before I did this rappin' shit, it was the track and shit  
Becoming best friends with Jays to make this crack flip  
Me and [?] goin' at it, trae come and get me  
Cool off at Saks, watchin' Tyler tryna twerk a fifty  
Buyin' everybody semis, tweakin' off the Xans  
Earl finna walk the stage, I gotta call Dad  
This shit got me so fuckin' mad, I'm locked in the county  
If I was out, I woulda let 'em loose in the Audi  
Fuck what they say about me, stick long as Howie  
Pussy boy playin' roles, I'ma pay the bounty  
Claimin' all you do is ball, can't even touch the net  
Let's play a game of twenty-one, watch me not break a sweat  
Dead homies on my chest, I do it for the thugs  
I get money, every city, watch 'em show me love  
In Georgia, I'm the Cali plug, got p's for the low  
Everything is EA, shout out my nigga Bo  
I graduated E14, ask about Dusty  
Puttin' wigs on pigs, make 'em go get the money  
Sellin' pussy to the truckies, that was the campaign  
Too hard on the bitch, it's how I play the game  
Rest in peace to Lil Dame, I break 'em on the dice  
Other side, do or die, been in this shit for life  
You know I got it tatted twice, I had to start rappin'  
This my diary, I also call it legal trappin'

This ain't new to me, that street shit I been 'bout (I been doin' this shit)  
I done took so many losses, I can't keep count (It's been a minute)  
Nigga (It's been a whole minute, man, it's been a minute)  
Nigga (You know I'ma get it right though, like)  
And this ain't new to me, that street shit I been 'bout  
I done took so many losses, I can't keep count  
Nigga (You just have to know what that is)  
Nigga (Get on that shit, you gotta get on it fast)

Disrespectin' my liver, slappin' that Kendrick  
Stilettos for these niggas around me actin' like bitches  
Open fire at the barbecue, bullets missed me by inches

Class clown, who laughin' now? I ended up in detention  
.308 for the many niggas that's snitchin'  
My granddad told me real men handle they business  
I shed so many tears, I have no fluids left  
As I got older, I ain't scared, I guess I'm cool with death  
You speak the truth and they gon' knock you down like Malcolm X  
I'm from the home of the Black Panthers who demand respect  
Oh, you a gangster? Are you gon' ride? Nigga, say it with your chest  
Pray for that junkie who keep stickin' needles in his neck  
Pray for the BGs and torpedos who ain't go no mind  
Pray for them vegetables at Highland fightin' for they lives  
Pray for them real niggas in the pen' who ain't got shit but time  
Still paranoid after I caught a slug back in '09  
It's Black, it's Black

This ain't new to me, that street shit I been 'bout  
I done took so many losses, I can't keep count  
Nigga (I thank God every day)  
Nigga (I hope He'll forgive for my sins though)  
This ain't new to me, that street shit I been 'bout  
I done took so many losses, I can't keep count  
Nigga (That's why I ask is you still special?)  
Nigga (What it is, what it is, dog water)
