Ayy DTB  
You wanna know some crazy ass shit?  
Ayy some out of, some-some-some danglin' ass shit?

Purse first, ass last, nigga get that dough  
Eyes on the prize at all times, never trust these hoes  
Just 'cause it look fine and shine don't mean it's gold  
Just 'cause it's summertime don't mean she can't get cold  
Take off your cleats in that field, you get caught slippin'  
Thinkin' with the wrong head will have your ass missin'  
The right vision but the wrong mission  
Take a step back from the game so you can reevaluate your pimpin'

Let me tell you 'bout them two friends  
Fine like Jada and Naomi or Gina and Pam  
Never met nobody like on Maxine Sams  
Game so cold they made a pig eat honey-baked ham  
Hit Ace of Diamonds, brought them thugs with me  
Jim, Grizz, Oshy, Fat Mark, Nosh, and Lightskinned G  
Kinzo top, G-Star fallin' 'cause bands on me  
Off hella dog and I just threw back zero point three  
Stripper bitch got in my face and said what you need?  
I said get dressed, you finna leave with a real sixteen  
She said my nigga here, he gon' trip if he see me leave  
I'ma serve bruh his papers, if he trip, I'ma squeeze  
She said it's good, I'll bring my best friend, bring your boy  
That black nigga with the Rolex and all that cheese  
Walked over to my nigga like hah, we got action  
She called an Uber and we slid to the Airbnb

Purse first, ass last, nigga get that dough  
Eyes on the prize at all times, never trust these hoes  
Just 'cause it look fine and shine don't mean it's gold  
Just 'cause it's summertime don't mean she can't get cold

Pulled up, it's time to get it in  
Walked in the kitchen hella juiced, then I poured four shots of Henn  
My dog [?] fell asleep watching ESPN  
Then best friend started eating and licking best friend  
I snuck in and put best friend in a three point stance  
Made her throw it back like she was giving a dance  
I'm showing off, thinking I'm Wesley the pornstar man  
Hit the bathroom, cleaned up, brought out a nut rag  
Cheesin' hard, dick still hard, feelin' like a sap  
The bitches gone, my nigga's watch gone, so is my pants  
I'm in the living room butt naked looking dumb as fuck  
How I'ma tell dog his watch gone when he wake the fuck up  
Pants gone, that mean my cheese and the ID chucked  
And I took Jim's keys in the club 'cause he was hella drunk  
I walked over to my nigga like hah, we got played  
That Uber driver was her boyfriend slash getaway

Purse first, ass last, nigga get that dough
