

All Da Way

Allday

Westpac to the Eiffel
I brought my gang 'cause it's tribal
Put my hand on the bible
It's nothing sweet, we don't trifle
They probably miss me, I don't miss them
Watch me cop a watch like Big Ben
Big stunting that's like Evil Knievel
My rented Benz was riding on two wheels

(Oi)

We're just getting started but we're going all the way
First night that I met her we were going all the way
I used to have some enemies but I forgot their names
My energy is clean so I don't worry what they say

Came up outta nowhere and we're going all the way
Edible before the flight wake up in foreign place
I could shoot the pull up but I'm going all the way
I was in a dead-end job I couldn't concentrate (couldn't concentrate)

She said 'I'm not a succulent I need attention'
When it rains it's gonna pour and did I mention
I remember they said 'it's unlikely'
A lot of kids in the city just like me
With some parents checked out like a hotel
And they tell you be realistic but I know well
It's only crazy until it becomes real
And my flow sick boy, it's been unwell, yeah, yeah
Blueprint like Shawn Carter, I built it from the bottom
Blue paint William Wallace, and I kilt it like Scotland
Mans gotta gig in a basement, I'll give it a miss and a rain check
And my name big like Oasis, and my girl thick like a blanket

Yeah yeah

Yeah yeah

Came with La Familia - you don't look familiar
Came with La Familia - you don't look

We're just getting started but we're going all the way
Looking for some drama better look another way
Used to rack from woolies not a dollar to my name
I just put an album out and I don't wanna break

Came up outta nowhere and we're going all the way
This is for my brothers here and brothers gone away
I just count my blessings while I got 'em here today
First night that I met her man and she don't wanna wait
She don't wanna wait

Yes yes

Man can't see me need your eyes checked
(Since I was 16)
Man can't see me but I'm right here
I ain't died yet
Yeah yeah yeah yeah
(To the limit of this dream)
Spending too much on some moon juice

(New me)
Stolen fruit and veggies that's a boost juice
(New moon)
Forcefield for the voodoo
(Running for the new moon)
Yeah yeah yeah yeah
