

Britney Spears

Allday

When you call my phone you say (It's Britney bitch)
You know that I'm on the way (I'm skidding it)
Tried to rewind the tape (like VHS)
You don't know half the things (I'm dealing with)
Driving in a 60 and I'm going 90
She just wanna ride me
She don't wanna sightsee
All my friends just like me
Stuck together Siamese
Like a boyband we're harmonizing
Cuz she look just like Winona she a rider that's right
Got me driving like Daytona in the dead of the night

Cuz I'm on the way to your house right now
Call me Gwen Stefani I got no doubt
Something's gonna change that we can't rewind
You're like Britney Spears, hit it one more time
Cuz I'm on the way
Cuz I'm on the way
Cuz I'm on the way
Cuz I'm on the way

I said oops I did it again
Used to ride the train, I would picture a Benz
Through these tinted windows that's a different lens
Thinking back to when the cheque didn't cover the rent
Not a dollar to spend
The rice Uncle Ben
My fingers were sticky
We built like a brickie
The circus going city to city
The shows getting bigger
But there's always time for a piccy
And that jealousy is toxic like that banger by Britney
Dreaming of pop stars
We came up in the street like a poplar
That's a tree, like the weed that we chop up
Good times go fast it's a montage

Cuz I'm on the way to your house right now
Call me Gwen Stefani I got no doubt
Something's gonna change that we can't rewind
You're like Britney Spears, hit it one more time
Cuz I'm on the way
Cuz I'm on the way
Cuz I'm on the way
Cuz I'm on the way

You're a long way from home
Waiting for the day
It takes so long to get it on
Waiting for the
New leaf
Turning like a page
I'll pick you up
I wouldn't let it go another way
It's just a new leaf

Turning like a page
And if I'm going down
It doesn't matter anyway

Last night I had an epiphany
I gotta lose some people who just aren't in sync with me
I gotta be the glue for the people who stick with me
She might be Christina but you'll always be Brittany
And that's all history like the battle of Stalingrad
I'll my call brothers back and I'll tell them I love you back
Before we see nirvana and I don't mean the fuckin' band
Before this ride is over there's a whole lot of fun to have
It's only the start of that
Right now
No doubt
Rewind
One more time
