

# Crazy Trees

Allday

Puffing crazy trees got me thinking bigger  
Puffing crazy trees got me thinking bigger  
Yeah

Shit was bittersweet but we can't taste the bitter  
Fuck them other rappers cos' I think I'm sicker  
That man ain't my father that's a different figure  
Everything was sweet until they sipped the liquor  
I would ride the train because I couldn't go home  
How can I explain that I'm going loco  
Bad bitch on my brain cos she liked my photo  
Then she let me hit and I couldn't find the clit  
Caught a case off my face  
Underage locked in cage  
Turn a phrase to a tape  
And this shit, caught ablaze  
Swollen face, rolling Js  
At the roll in, couldn't skate  
Couldn't tell you for the life of me  
Why I miss them days

I'd go crazy I'd go crazy if you leave  
I've been shaking I've been shaking all these trees  
Tryna turn over a brand new leaf  
If I could change the way that I've been  
5 ciggies in the ashtray burning  
Yeah I'm burning burning burning up  
3rd rock from the sun keeps turning  
Yeah I'm burning burning burning up  
I'd go crazy I'd go crazy if you leave  
Yeah I'm burning burning burning up  
I'd go crazy I'd go crazy if you leave  
Yeah I'm burning burning burning up

I used to sleep on a sofa without no sheet  
Wake up stuck to the leather by my lonely  
Only ever went to school to see the homies  
No books just vibing on the energy  
First girl who noticed me shit was so deep  
And she would sit up on my face like some Oakley's  
Thought I was Kobe until I found the codeine  
I wish they taught me another way of coping  
And you're fine  
Ignore the voices in your mind  
They try to wreck shit all the time  
They might suggest you find the exit  
But that ain't the right direction  
Told my mother quit the drinking  
Nah, she ain't tryna hear it  
And my brothers do what I do  
How on now am I the parent?  
High like flight attendant  
Hold on now am I dependent?  
I don't like the question  
I've been turning my obsession  
Into my profession and I'm nearly home  
One more time forgive me for my errors though

I'd go crazy I'd go crazy if you leave  
I've been shaking I've been shaking all these trees  
Tryna turn over a brand new leaf  
If I could change the way that I've been  
5 ciggies in the ashtray burning  
Yeah I'm burning burning burning up  
3rd rock from the sun keeps turning  
Yeah I'm burning burning burning up  
I'd go crazy I'd go crazy if you leave  
Yeah I'm burning burning burning up  
I'd go crazy I'd go crazy if you leave  
Yeah I'm burning burning burning up
