

# Fly

Allday

Fly, fly, fly, fly  
Corner of the party, out of my mind  
I'm brain dead, just look at my eyes  
Fly, fly, fly, fly  
Corner of the party, out of my mind  
Smoke this shit until I fly

Hold up, drinking as if I'm thirsty  
Hold up, fuck the game, finish early  
Hold up, heard from a little birdy  
That I'm too hipster and I'm too girly  
I think you need to listen up to my wording  
High school failure, spitting it tertiary  
Spitting it dirty, don't try to clean it  
I keep it Silverchair, I'm so freakish  
Hold up, all my friends keep it weeded  
That's why I skipped a grade then repeated  
And these kids ask me, "What's the secret?"  
First I dream big, then I reach it  
It's only stress affecting me now  
That's why I keep my head in the clouds  
While the crowds are getting more loud  
And my mum is getting more proud, uh

Now I'm on, all the drugs are free  
And now suddenly I don't want them anymore  
All I need is my plastic cup, so just fill it up  
And watch me take off and soar

Fly, fly, fly, fly  
Corner of the party, out of my mind  
I'm brain dead, just look at my eyes  
Fly, fly, fly, fly  
Corner of the party, out of my mind  
Smoke this shit until I fly

Hold up, "Fuck you" to my exes  
Hold up, hate you stupid wenches  
Hold up, forgive but don't forget, bitch  
Hold up, now I'm onto the best-est, mmm  
Yeah, I got a history but I got these drinks with me  
And we smoke like a chimney, I'm only tryna hit delete  
And we got everything we need  
A little bit of money, something to eat  
And we don't sleep, we just Imagine  
All the good things we'd love to happen  
Light the sky up with coloured lanterns  
'Til the clothes I grasp are Italian  
'Til my girl smashes up my mansion  
While I'm out drunk as fuck and dancing, uh

Now I'm on, all the drugs are free  
And now suddenly I don't want 'em anymore  
All I need is my plastic cup, so just fill it up  
And watch me take off and soar

Fly, fly, fly, fly, fly, fly, fly, fly

Fly, fly, fly, fly, fly, fly, fly, fly  
Fly, fly, fly, fly  
Corner of the party, out of my mind  
I'm brain dead, just look at my eyes  
Fly, fly, fly, fly  
Corner of the party, out of my mind  
Smoke this shit until I fly
