Allday

Uh, thought I wasn't gonna flex on this E.P huh?
Yeah Allday, let's do it

I'm not emotionally retarded, I'm close to being hardened
Coz I've seen a lot of arrows and mostly been the target
If I could take it all back, to the moment that it started
Well I wouldn't change a thing man it's not only me that suffered
Well, My life's a rollercoaster, it's up and down
You guys have balls up in your mouth like a hungry clown
When I was young I couldn't get a girl to come around
But now they come before I even get my chubby out
Anyway, I guess it's fair to say they love me now
Coz everyday I wake up coated in a hundred towels
And everyday I'm taking rappers for their bloody scalps
And punch them in their mouths like Derrick in the cubby house
First they diss me, then they begin admitting things
I like this indie scene kid in ill-fitting jeans
I scone every jam just so I can swim in cream
I just wanna print my own money like the British queen

Uh, it's Allday huh
Always on the grind for the paper
Middle finger to the haters
Coz I will never break nah
Never, it's Allday huh
Always on the grind for the paper
Middle finger to the haters
Coz I will never break nah

I met a girl with an upside, but now I'm feeling upset
Coz I got all in and now I'm wondering what's up next
It's all the walls that I erected in my dumb head
Preventing me from humanly connection that I love to get
Mumma said I don't give a fuck now your mumma's dead
I cut her leg wide-open just to see the colour red
Then I let the sucker bleed till there was nothing left
How am I inspired to puncture flesh well drugs I guess
Dash my families hope, we don't have any hoes
In my garden I'm retarded from the fucking grams I smoked
Not a barrister embarrassed getting tacky clothes
There's no lights in my house I smoke crack from globes
That's why you see me on the corner and my hand is closed
I'm gripping ruby roses' old pairs of panty hoes
Anti-social taking mushrooms in dark rooms
Humming tunes, killing any intruders with harpoons

Uh, it's Allday huh
Always on the grind for the paper
Middle finger to the haters
Coz I will never break nah
Never, it's Allday huh
Always on the grind for the paper
Middle finger to the haters
Coz I will never break nah
