

Pyramids & Paris

Allday

I'm faded so much
I'm such a reckless dude
Done so many things I said I would never do
Gone to so many places I should have never been
Puffin' evergreen
Shots to everything
These late nights make for the best times
That's why I talk horse like I'm racin' em Equines
Drive around drunk I'm mistaken the red lights for green
With my sunglasses on my impaired sight
Now I'm just faded again
Fuckin' brainless again
Fuckin' chasing the praise of these strangers again
Fuckin' jaded again
Just tryna' make it again
Tell everybody love me like I'm Raymond again
And damn
Devilish as the earth mail comes
Tsunamis aren't a worry I only see em' as surf swells
That's why they all follow me like the herb smell
Town crying
My dick swinging like church bells

Bottom of the bottle, tip it
Sold my soul now all I've got is Spirits
All I get is faded as Hell these days
All I get is faded, faded

Marijuana and Vodka that's my own blend
My mind is broken
Man my mind is broken
My hem sewn is the size of Stonehenge
Stone Grey Arrows but my Spirit is so Red
And I Should really know better but I don't yet
We're just hairy Children, We're never grown Men
And now I'm feeling on me present in this moment
Cause now I'm higher then a Crows nest
And I'm so heavy already
I'm like Space Boots
Unwindin' I'm duck divin' in Grey Goose
Drunk Drivin'
The Sun shinin', the day's new
But I'm still hitting this shit hard like I'm Babe Ruth
I need to put my Head on straight
I'm passed out, cause I'm an Outcast like Andre
High and I'm on Clay off my face
Can't concentrate, from the Vodka taste

Bottom of the bottle, tip it
Sold my soul now all I've got is Spirits
All I get is faded as Hell these days
All I get is faded, faded

Smoking on the Cabbage
Bitches who's the baddest
Pussy gettin' ravaged
You know

In my dreams I never feel Sadness
Cause I dream of Pyramids and Paris
If I shall Die before I wake, I pray the Lord my Soul to take away
Just take it away
Just take it away
Just take it away, motherfucker
