

# Virtues

Allday

Jammin  
Our lost souls'  
Sad song  
(Riding cross town straight for you)  
I'm tainted  
Make it bang  
Bass up  
(My flaws outweighing my virtues)

These one here for bad bitches yeah  
Tonight I'm saying bad bitches yeah  
I see angels they ascending yeah  
Friday night and it's candescent yeah  
This one here for my real fucking team  
Holy holy is he's who 'suffering  
We desert horses we keep running free  
Good pussy and weed that'd be enough for me  
That'd be enough for me

Jammin  
Our lost souls'  
Sad song  
(Riding cross town straight for you)  
I'm tainted  
Make it bang  
Bass up  
(My flaws outweighing my virtues)

City girls they aren't naive  
Welcome to the 1990s  
Us city boys we don't dance we tryna leave  
I don't fuck with that high society (fuck that shit)  
Coz i don't need to extra status  
Got a airess on a air mattress  
She said how u want it yeah daddy  
1 level up that rare candy yeah  
Pokemon shit

Jammin  
Our lost souls'  
Sad song  
(Riding cross town straight for you)  
I'm tainted  
Make it bang  
Bass up  
(My flaws outweighing my virtues)

And i got money in my pocket, devil on my shoulder  
Angel in my bed, and ill never ever call her  
I got dirt in my past, fresh shit in my closet  
Right next to the skeletons, they dead and forgotten  
Its been an hour since smoking I'm DUE  
I'll rep my hood until my times through  
I'm coming up and I'm bringing my crew  
I got some girls and they all fine too (yeah yeah Yeah)  
My bank account never did match my IQ  
Never let expectations define you

I don't mind kids copying what i do  
I know they just tryna shine too  
In my hood you better drive through  
I hope that you catch the lights too
