Sure, guess we've never met before
Don't you live on 64th?
And I thought you'd like a new bag
Gettin' wild from the liquor store
Coo-coo girls like in Jersey Shore
We won't miss a thing

There's no double talk
You ought to know
I wanna mess up
Your Comfort Zone
Put down your phone
No laying down
I wanna mess up
Your Comfort Zone

I wanna mess up
Your Comfort Zone

Sorry, didn't wanna push too far
Thought you'd like your sushi rolls
But did I spot some smile?
Talk is cheap so skip the lines
Gi-girls just like it deep sometimes
Just dim down the lights

There's no double talk
You ought to know
I wanna mess up
Your Comfort Zone
Put down your phone
No laying down
I wanna mess up
Your Comfort Zone

I wanna mess up
Your Comfort Zone

I wanna mess up
Your Comfort Zone
I wanna mess up
Your Comfort Zone
I wanna mess up
