Sticker on my suitcase
Now the taxi's waiting

You know I gotta go now
It's a beautiful day
You don't wanna know now
And you know that I can stay

Kuala Lumpur, Singapore and Bangkok
And Paris, London, Tokyo and Rostock
It's just a couple shows now
It's a beautiful day

And now the backseat's waiting
I guess it's time to go
I'll text you when I get there

Put a sticker on my suitcase
A smile onto your face
The memories will linger on
Put a sticker on my suitcase
A smile onto your face
I'll be back before too long

Put a stick-
Put a stick-
-to your face
I'll be back before too long

How could I forget now
It's a wonderful day
I'm with you somehow
Even if I'm far away

And now the taxi's waiting
I guess it's time to go
I'll text you when I get there

Put a sticker on my suitcase
A smile onto your face
The memories will linger on
Put a sticker on my suitcase
A smile onto your face
I'll be back before too long

Put a stick-
Put a stick-
-to your face
I'll be back before too long

Barcelona, Copenhagen, Cape Town
Zurich, Tel Aviv, and maybe Amsterdam
And New York City, Beirut and Beijing
And soon I'll be back in Berlin

Now the taxi's waiting
I guess it's time to go

I promised I will text you when I get there

Put a sticker on my suitcase
A smile onto your face
The memories will linger on
Put a sticker on my suitcase
A smile onto your face
I'll be back before too long

Put a sticker on my suitcase
A smile onto your face
The memories will linger on
Put a sticker on my suitcase
A smile onto your face
I'll be back before too long

Put a stick-
Put a stick-
-to your face
I'll be back before too long
