

# Will You Follow

Allen-Lande

I'm too weak to fight  
I'm too tired to argue  
I only have one wish and to make it come true  
Will you hear what I have to say?  
Will you listen to me?  
Come on, take the chance and see what could be..

The time has come for me to leave  
Leave this place of sins behind  
I will travel to a land without sorrow  
I won't wait for you no more  
The journey starts right now  
Come on, take my hand, and I will show you

Will you follow me to death  
Till your last breathe?  
And follow me to a world without madness  
Can you leave the past behind  
For something never we will find?  
Will you follow me to a place without sadness?

I know we're lost now  
But I have a way how  
You can go but you must leave without any doubt  
Just follow my voice  
I'm not far away  
Reach out your hand and you will not remain

The time has come for me to leave  
Leave this place of sins behind  
I will travel to a land without sorrow  
I won't wait for you no more  
The journey starts right now  
Come on, take my hand, and I will show you

Will you follow me to death  
Till your last breathe?  
And follow me to a world without madness  
Can you leave the past behind  
For something never we will find?  
Will you follow me to a place without sadness?

The time has come for me to leave  
Leave this place of sins behind  
I will travel to a land without sorrow  
I won't wait for you no more  
The journey starts right now  
Come on, take my hand, and I will show you

Will you follow me to death  
Till your last breathe?  
And follow me to a world without madness  
Can you leave the past behind  
For something never we will find?  
Will you follow me to a place without sadness?
